

پاسخ تکلیف اول:

مشخصات سیستم از کنترل پنل و سیستم

The screenshot shows the Windows Settings application, specifically the 'About' page. The left sidebar lists various settings categories: Home, System, Display, Sound, Notifications & actions, Focus assist, Power & sleep, Battery, Storage, Tablet, Multitasking, Projecting to this PC, Shared experiences, and Clipboard. The main content area is titled 'About' and includes a notification that the PC is monitored and protected. It displays two sections of specifications: 'Device specifications' and 'Windows specifications'. The device specifications include details like Device name (Alimohammad), Processor (Intel(R) Core(TM) i3-7020U), Installed RAM (4.00 GB), Device ID, Product ID, System type (64-bit), and Pen and touch support. The Windows specifications include Edition (Windows 10 Pro), Version (20H2), Installed on date (10/26/2020), OS build (19042.572), and Experience (Windows Feature Experience Pack 120.2212.31.0). On the right side, there are links to 'Related settings' such as BitLocker settings, Device Manager, Remote desktop, System protection, Advanced system settings, and an option to rename the PC. At the bottom right, there are links to 'Get help' and 'Give feedback'.
